The proposal details the new SRO's Salary, Benefits, over-time, vacation; everything for an officer to be at the school for nine (9) months out of the year, to include vehicle costs, etc. \$46,251.00 is the cost to the school district. The \$46,251.00 amount does not include over-time/comp time that the officer might accrue while working at the school for extra-curricular activities and etc. which will be paid out by the school district during the school year. The Sheriff further explained, "This is a year to year contract, not a permanent contract." The Grant County Sheriff's office will pay the officer during the three summer months and any holidays the school is out. He will cover shifts when other officers might need off during those times. While the SRO works on county time, any comp time accrued will accumulate as set out for county employees. Should this be approved, the officer will start with the Sheridan School District when the school year begins. The Grant County Sheriff's office is looking at only having to pay \$6,465.00 for the three summer months he will be working. The Sheriff said the officer he has in mind for the position is Deputy, Joe Scott.
